4. Purchases(id, invoice_number, , cust_id, product, id, date, modified date)

Will be using inner join on 1&4 to get total amount

Screen shots of the project :

Admin panel :

The screenshot shows the SocialEngine admin panel in a web browser. The page title is "Invoice Plugin". There are tabs for "View Invoices", "Global Settings", "Member Level Settings", "Domains", and "Products". The "View Invoices" tab is active, displaying a table of invoices. The table has columns: ID, Invoice Number, Created By, Customer Name, Date, Amount, Payment Status, and Options. There are four rows of data.

ID	Invoice Number	Created By	Customer Name	Date	Amount	Payment Status	Options
